Re: Obsolescence of PAQ65D, PAH75D, PAF400F24 & PAF400F48

Dear Valued Customer / Partner,

TDK-Lambda has received EOL notices for key semiconductors and control ICs used in our PAQ65D, PAH75D, PAF400F24 and PAF400F48 power modules, despite negotiations with these suppliers to provide alternative sources of supply.

A list of the models can be found on page 2.

TDK-Lambda recognizes that as a past or current customer of these products, you may require additional units for service spares. We are offering a last time buy opportunity until September 10th, 2017, with a last time ship date of March 30th, 2018. Please understand that these orders would be non-cancelable and non-returnable.

Please contact our technical support for additional information. 1-800-526-2324 or email lambda.techsupport@us.tdk-lambda.com

A handwritten signature in black ink, appearing to read 'Tom Tillman', enclosed within a hand-drawn oval.

Tom Tillman
Director of Marketing
