

Generic Device:	201	Die MFG:	Harris
Issued By:	G. Jackson CQE	Date:	04/12/2023

This Product Change Notification is Notification of a Major Change.

This change notice is notification of Major change in accordance with current revision of J-STD-046 and Rochester Electronics Internal procedure QIP 92 Governing Customer Change Notification.

Any issues with this PCN or Qualification Requests (Data or Samples) must be sent to Rochester Electronics within 30 days of this PCN publication date.

All requests for data or samples received within the 30-day period will be accommodated based on qualification completion dates and product availability.

Failure to acknowledge PCN within the 30-day notification period is considered as acceptance of PCN.

This PCN 2022_019 is communicating the addition of Rochester Electronics assembly site for device DG201AAK in addition to current MMT subcon assembly site for increased manufacturing capacity.

If you have an order scheduled for shipment within 30 days of this notice, please respond immediately to prevent shipment delays.

Questions on this PCN please contact Customer Quality - CustomerQuality@Rocelec.com
