Product Discontinuance of NON ROHS compliant products.

Nature of Change:

In 2006, FCI has been launching ROHS compliant alternatives for the complete basics+ product range. One year later, 95% of the market has changed over to the ROHS compliant connector versions. In order to clean the FCI product portfolio and reduce logistical complexity, FCI will discontinue NON ROHS compliant products which did not show any sales activity within the last 12 months.

FCI will continue to supply NON ROHS compliant products for running projects.
