General Product Description:
AMPLIMITE Connectors

Description of Changes
Manufacturing location change. The following part numbers will be transferred from an existing TE Hermosillo, Mexico facility to a new TE manufacturing facility located approximately 2 miles away in Hermosillo.

Reason for Changes:
Our Aerospace, Defense & Marine Business Unit has been managing production of AD&M products within the current TE Hermosillo facility which is under the management of a separate TE business unit. We will begin moving manufacturing into a new AD&M facility located in Hermosillo starting mid-November. The current manufacturing team, manufacturing leaders, supply chain/materials, and engineers who have been supporting AD&M products will also move to the new facility. The manufacturing team will operate under the existing processes and quality systems in place now.
